

Electronic Text Processing with T_EX

TECHNO-ENTREPRENEURIAL TRAINING

Technopark and the Indian T_EX Users Group (TUGIndia) invite applications from eligible candidates for three month's training in electronic text processing with T_EX.

Certificate

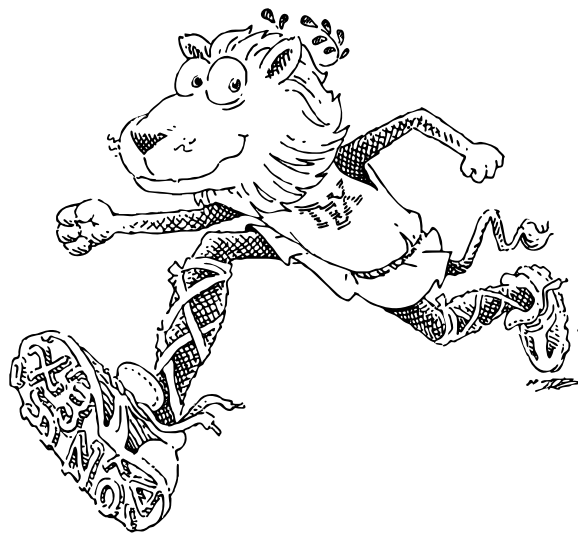

- Upon successful completion of the training, candidates will be awarded certificates.
- These certificates will be awarded jointly by Technopark and TUGIndia.

Training

- Training will be held at Technopark
- Duration of the training shall be for three months (4 hours for 5 days a week). Start date will be announced later
- Fee of Rs. 500 per month will be charged

Selection Procedure

- Computer-based screening for keyboard speed
- Written test for general aptitude and analytical skills
- Personal interview

T_EX is a typesetting language, developed by **Donald Erwin Knuth** of Stanford University, for typesetting his own monumental book, *Art of Computer Programming*, which later on became the *de facto* standard for typesetting documents with high scholastic content, especially for documents with mathematics. T_EX is a free software in both the senses of the word — you can get it free of cost and also you have the well documented source code of the program that you are free to study, modify and share with anyone you like. For more information on T_EX, please visit the home site of T_EX Users Group at <http://www.tug.org>.

Apart from exhaustive sessions on T_EX technologies and tools, the training programme will also cover subjects in entrepreneurship development and management skills. The aim is to equip participants with the skills needed to ultimately set up small enterprises on their own.

The selection procedure for the training programme will comprise a computer-based screening for keyboard speed, a written test for general aptitude and analytical skills, and a personal interview.

Eligibility

- Graduate in any science subject
- English keyboard speed of 40 words per minute
- Aged 28 years or less
- Reasonable communication, analytical and leadership skills

No. of Seats

- 15 (fifteen) seats
- 8 (eight) seats are reserved for women candidates

How to Apply

- Please forward applications in plain paper showing relevant personal information, place of residence, previous employment and/or experience if any, along with a recent passport size photo, to the following address before January 31, 2003:
